I need to connect the World of Science via circular Economy and support PatientsLikeMe plus Sweden to connect online and stop pollution. Brain Days in september should include best solutions and remove toxicity. WIPO and ECHA should register my innovation via Finansinspektionen. Connect real Treatments to society via my diarienumbers.

No support from Sweden should be accepted as Treatment if it is dangerous for Humanity because NoHarm and REMA HTA is not involved in Bipolärmottagning and They are not allowed to continue educate in toxic direction.

Time to remove toxicity at cellular level with support from WIPO EUIPO and Ekobrottsmyndigheten.
